

Trip to Italy

At SBBC we try not only to teach how to play Basketball, but also to transmit values connected to the sport. Friendship, solidarity, respect, tolerance, integration, cooperation and responsibility. We believe that it is as important to develop players as it is to develop people. To achieve this, it is necessary to continue sharing good times together in this sport. Taking a trip with teammates, friends and coaches can be an experience to remember. Playing a game against kids from another culture can be even more significant. Basketball is fortunately played all over the world and particularly in Italy it is one of the strongest sports.

Fabriano is a city located in Italy, about 20 hours by bus from Svendborg. The Janus club of that city and SBBC already have a history together. In 2019, about 30 boys together with coaches traveled to the Italian city to share guided tours, visits to natural places, and many matches. They also came 1 times to our city, and willing to come back again this summer, to play matches and share an experience together with us.

Considering the success of the Lundaspelen Tournament in the beginning January, where 52 kids and some parents traveled, shared many games, slept together with our teammates and had fun, we intend to travel to the city of Fabriano between the 16th and 21st of May...

Below is the tentative schedule of the trip.

TUESDAY 16-05	Departure from SG to Fabriano, Italy (16hs).
WEDNESDAY 17-05	Arrival in Fabriano, Italy (between 17hs and 21hs).
THURSDAY 18-05	Tour of downtown in the morning. Lunch at Margherita Park. Matches vs Fabriano in the afternoon.
FRIDAY 19-05	Visit to the "Grotte di Frassasi". Outdoor activity and lunch at the river. Matches vs. Matelica y Polverigi.
SATURDAY 20-05	Morning games and lunch at the club. Start the return in the afternoon / evening.
SUNDAY 21-05	Arrival in Svendborg in the afternoon / evening.

We are very happy to propose you this trip, we really believe that it will be a unique experience, where you will strengthen your friendship ties, you will generate a stronger connection with the club and where you will take unforgettable memories.

We need to know who would be interested in participating in the trip, since the cost will vary depending on the number of kids that go on the trip. In a few weeks we will call a family meeting to give more detailed information about the trip to Fabriano, Italy.

Coaches in charge of the activity: Federico Vaggi, Marco Cerini and Agustin Espinola.
