NOTES

Care should be taken at the road junctions near the war memorial in Alnwick and riders should regroup after navigating this junction in both directions if required.

The climb from Chatton up Chatton Bank (or the climb up Lyham Bank if the alternative route is being ridden) may be ridden as an individual effort if desired, but riders should wait for the rest of the group at the top of these climbs.

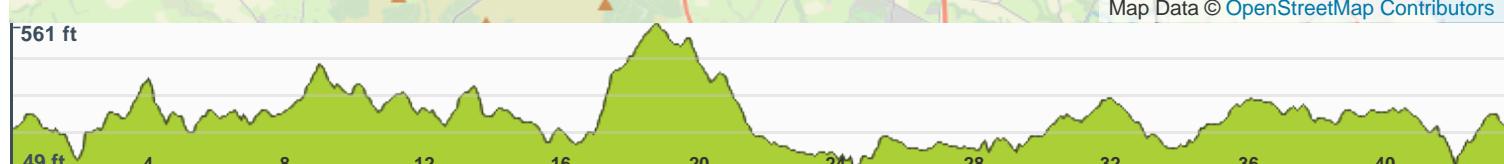

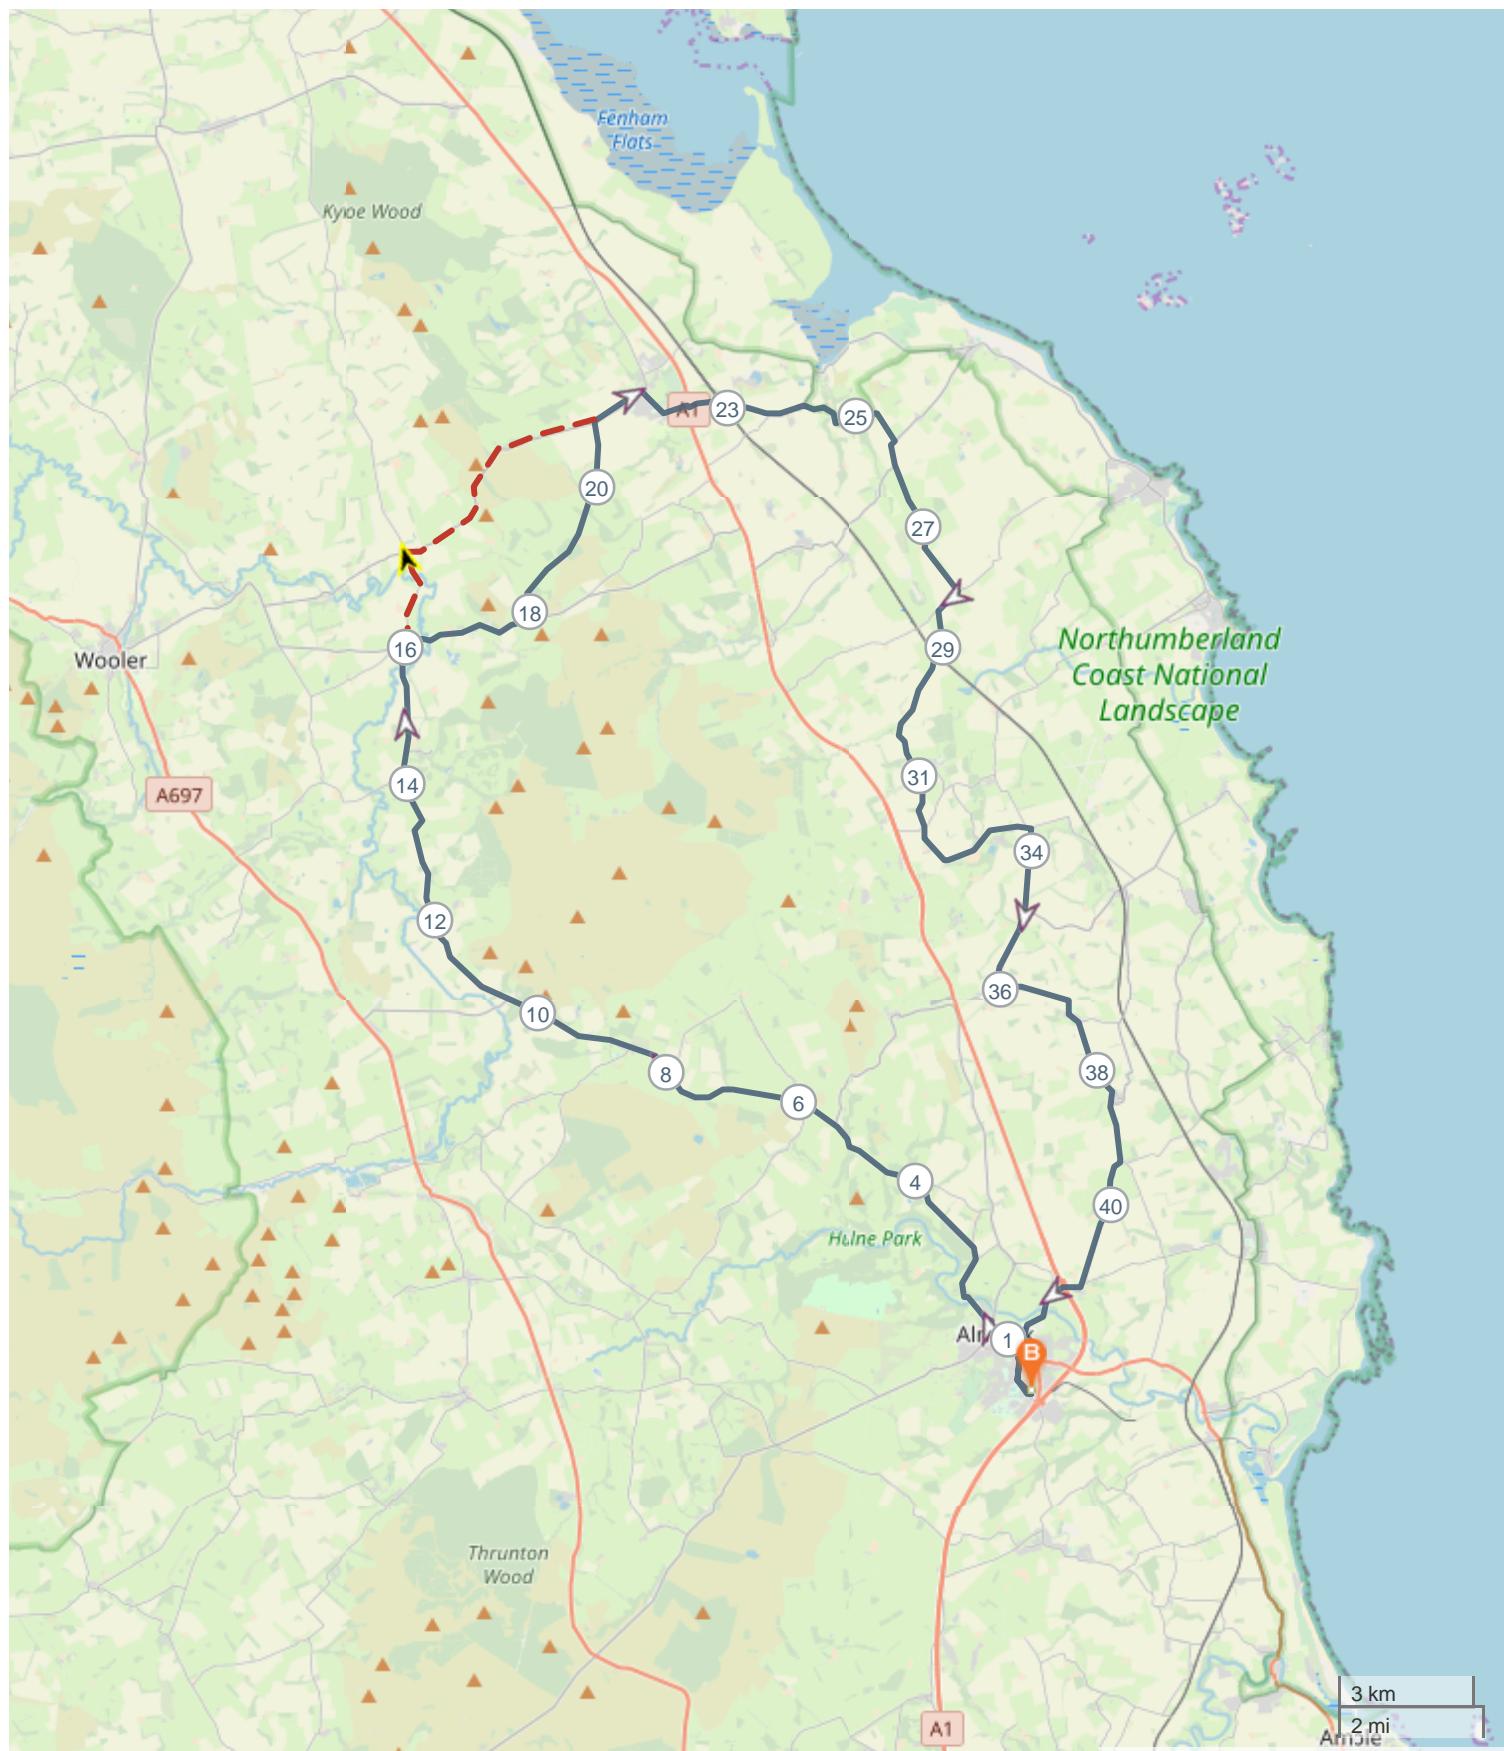

There are traffic calming measures on the decent into Belford, these consist of road width restrictions and cobbled speed bumps. Ensure you have your speed under control before encountering these obstacles.

The route crosses the A1 after leaving Belford. Extreme care should be taken at this crossing. It is advisable to only cross in small groups and riders should wait and regroup after this crossing.

There are rail crossing after crossing the A1 at Belford, Chathill and Newham riders should always cross the rail track at right angles and under no circumstances start to cross if the lights turn red. If the group is split at this crossing the lead riders should stop and wait for the rest of the group. The crossing at Newham is after a short decent and is uneven so extreme care should be taken.

On the return the section of the ride from Fallodon Mill to Rock Moor may be ridden as an individual effort if desired, but riders should wait for the rest of the group after turning off the B6347 at the top of the hill.
