NOTES

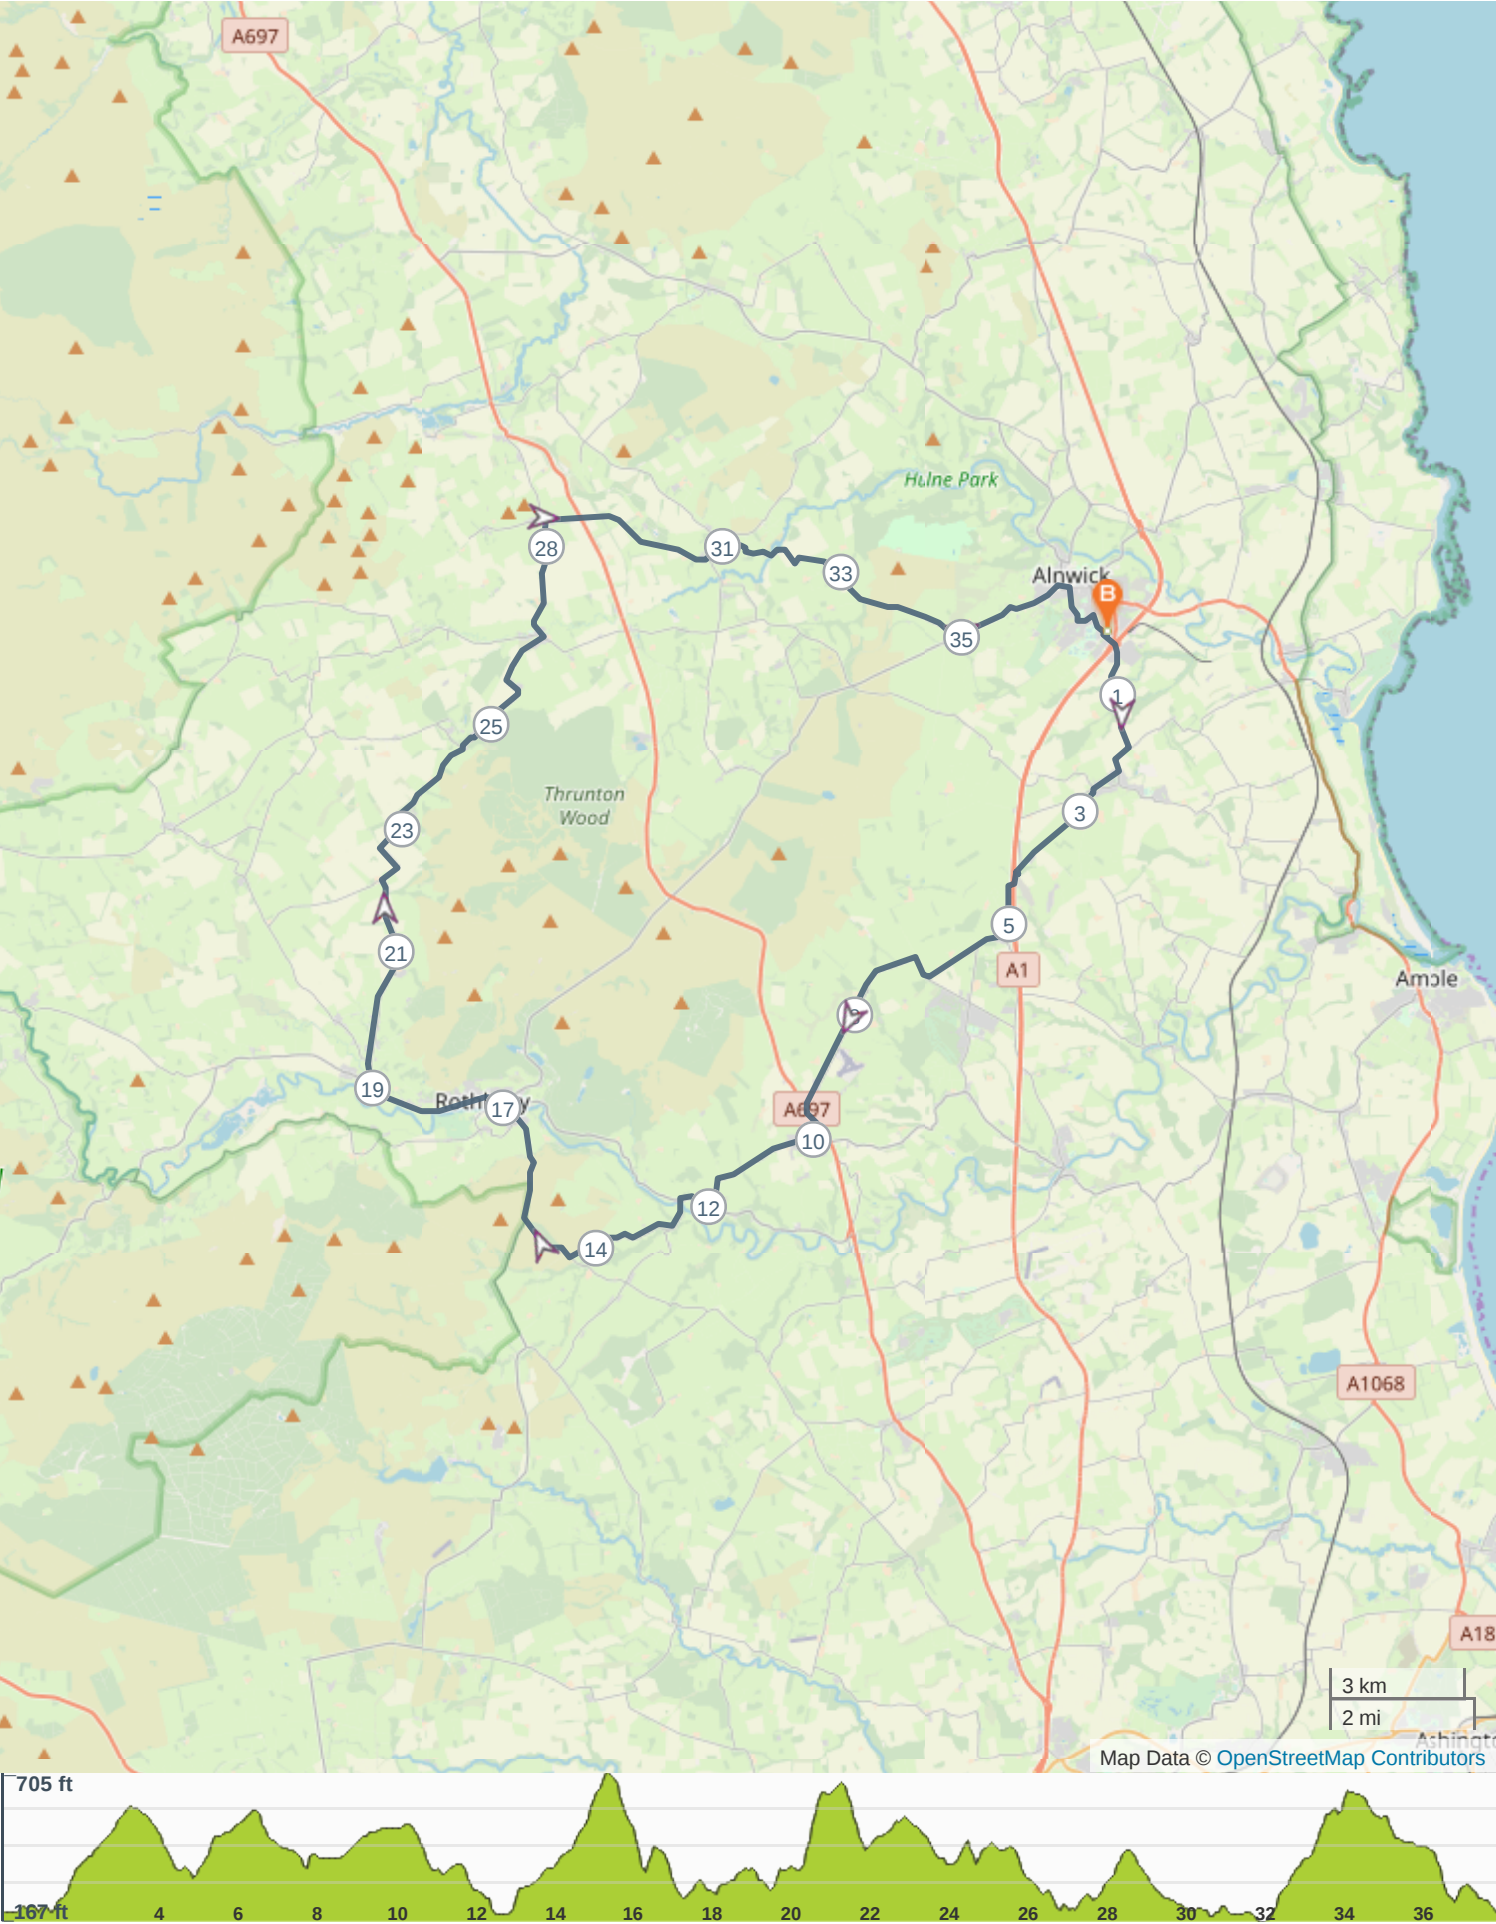

After Shilbottle the ride crosses the A1, extreme caution needs to be taken at this junction, riders may need to dismount or cross in small groups depending on the traffic conditions. Riders should wait and regroup after this crossing.

Entering Longframlington the ride joins the A697. This road can be busy so it is advised that riders ride in single file for the short section of this road.

It is strongly advised to use the footbridge to cross the river before Abberwick. The ford is always slippery and is very dangerous if there has been any rainfall.

Descending Clayport bank into Alnwick the route turns right near the bottom of the descent, simultaneously signalling and breaking for this turning can be difficult so good road positioning should be used to make your intentions clear.
