NOTES

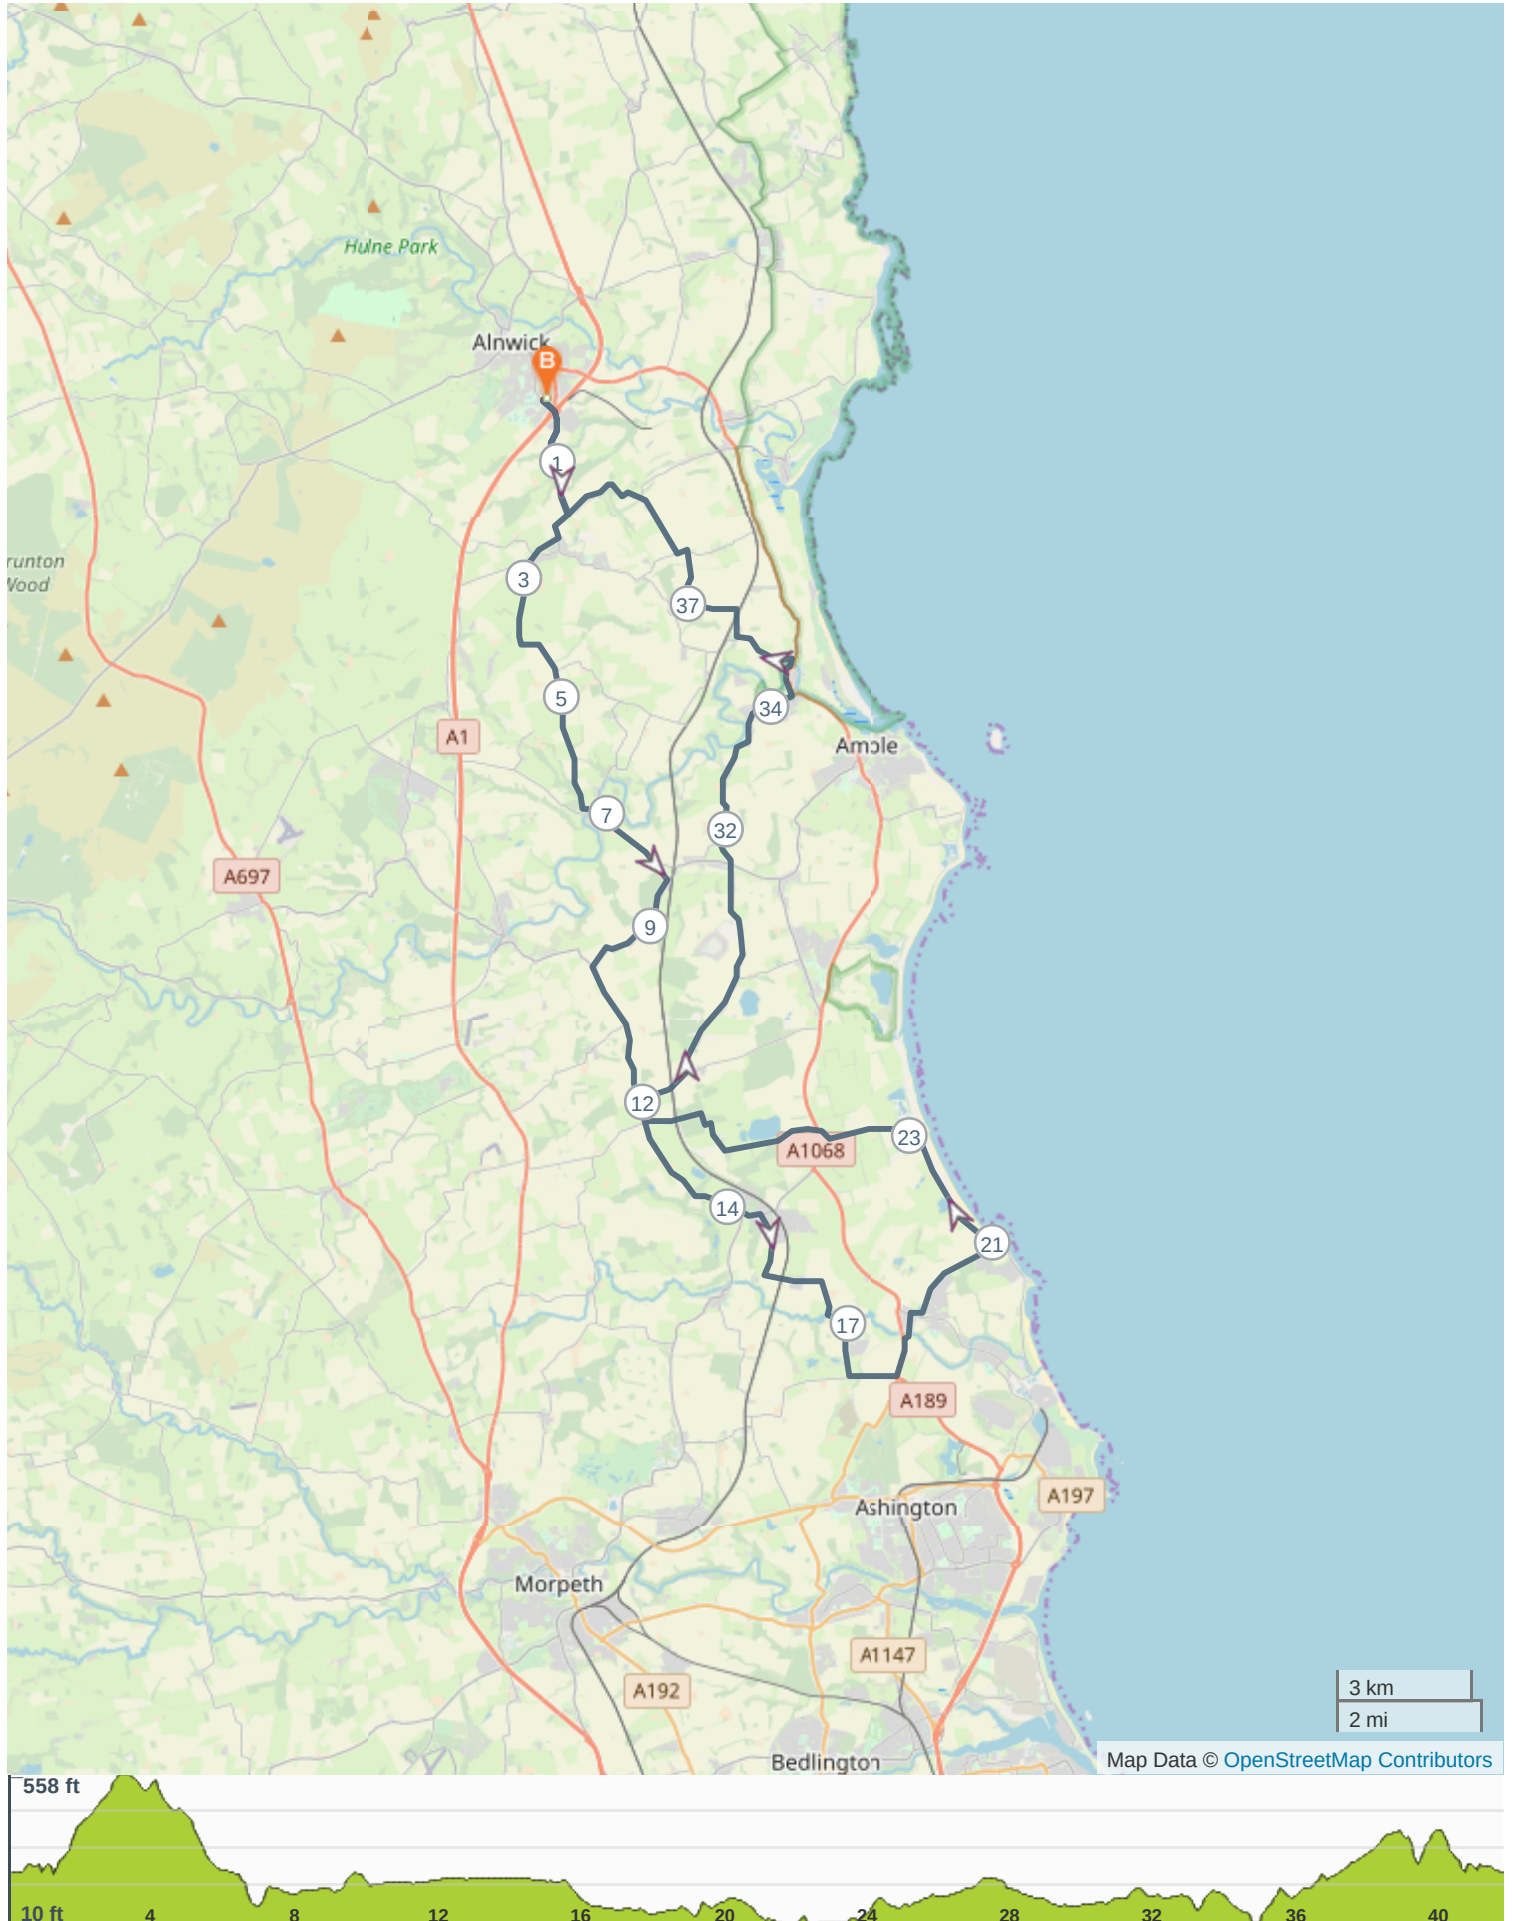

There is a short steep descent at Brainshaugh which terminates in a giveaway, riders should reduce speed as visibility of traffic is restricted.

There are rail crossing after crossing just before Ulgham Grange, before and after Chevington Moor, riders should always cross the rail track at right angles and under no circumstances start to cross if the lights turn red. If the group is split at this crossing the lead riders should stop and wait for the rest of the group.

After Linton the ride follows a short section of the A1068, this road can be busy and it is advised that riders ride in single file and make there intentions to turn off right off the road early with assertive road positioning.

After crossing the river out of walk worth the route makes a sharp left turn which is immediately up a steep bank, riders should try and be in an appropriate gear for this short sharp climb before the turning.
